

Application No. 10/615,627  
Amendment Dated March 2, 2005  
Reply to Office Action of February 22, 2005

**REMARKS**

This second substitute amendment is responsive to each of the Office Actions dated November 22, 2004, January 10, 2005 and February 22, 2005, and is identical to the amendment filed December 20, 2004, except for the reference on the first page to the February 22, Office Action, the addition of this paragraph, the addition to claim 126 of the status identifier "Original", and the addition of the text of claims 1-63 together with the status identifier "Withdrawn" for claims 1-63.

In response to the restriction requirement in the Office Action under response, applicant elects to proceed with the prosecution of method claims 64-126.

The amendments correct dependency in claim 76 and in claims 124 and 125 correct obvious typographical errors in the reference to their parent claim, as each of claims 124 and 125 depends from independent method claim 113.

In view of the foregoing, favorable reconsideration is respectfully requested.

Respectfully submitted,

---
